

Safety Management System Evaluation (Course 716)

SHARP & VPP Audit Training

The Safety and Health Management System is extremely important to the long-term success of an organization. This course will introduce you to the Safety and Health Achievement Recognition Program (SHARP) Audit process by discussing an audit process similar to that used by OSHA evaluators. Even if your company doesn't anticipate participating in the SHARP program, the information within this online course is vital in your efforts to improve the quality of your safety management system.

During the training **six (6) topics** will be discussed:

1. **Safety Management System (SMS) Basics;**
2. **Analyzing the SMS;**
3. **Cause Analysis;**
4. **Evaluating the SMS;**
5. **The SHARP;**
6. **The VPP.**

Certificate : OSHAcademy Course Completion Certificate.

Required prior education : None (Target Audience: **Manager**).
